CAMPING: flush toilets, showers, electric hook-ups
The camping area is open the second week in April and closes in mid-December, unless otherwise posted. Each of the 30 campsites has a level pad, picnic table, and fire ring. Pets are permitted at designated campsites for an additional fee. The campground has warm showers, flush toilets, and several water outlets. Garbage and recycling receptacles and a sanitary dump station are near the campground entrance.

CABIN: A modern cabin that sleeps eight people is available for rent year-round. The two-story house has three bedrooms, two bathrooms, kitchen, dining room, living room, and roofed, open front porch. Renters provide their own sheets, blankets, and towels. Kitchenware and eating utensils are provided. In the yard of the cabin are a fire ring, charcoal grill, two picnic tables, and a swing set.

FISHING: Hyner Run is excellent trout fishing. Brook and brown trout are stocked annually and native brook trout inhabit its upper reaches. Numerous other mountain streams within a relatively short distance of the park provide excellent trout fishing. The nearby Right Branch Young Womans Creek has a fly fishing area. Pennsylvania Fish and Boat Commission regulations and laws apply.

SWIMMING: Admission is free to the large swimming pool and wading pool. The pools are open 11:00 AM to 7:00 PM, Memorial Day weekend to Labor Day, unless otherwise posted.

HIKING: The 50-mile Donut Hole Trail System runs through the park. This moderate to rugged trail for backpackers can also be day hiked. The popular 4.1-mile Long Fork Loop begins at a kiosk near the pool.

Tell us about your hike at: www.explorepatrails.com

PICNICKING: The seven-acre picnic area contains 150 picnic tables with the majority of tables in full to partial shade. A limited number of grills are also available. Two picnic pavilions that hold 82 and 96 people may be reserved up to 11 months in advance for a fee. Unreserved picnic pavilions are free on a first-come, first-served basis.

CHILDREN'S PLAY AREA: Play equipment for children is between the swimming pool and the camping area.

HUNTING AND FIREARMS: About 20 acres are open to hunting, trapping, and the training of dogs during established seasons. Common game species are deer, bear, turkey, and grouse. Common furbearers are bobcat, red and gray fox, coyote, and raccoon. Thousands of acres of adjoining state forest are also open to hunting.

Hunting woodchucks, also known as groundhogs, is prohibited. Dog training is only permitted from the day following Labor Day through March 31 in designated hunting areas. The Department of Conservation and Natural Resources and the Pennsylvania Game Commission rules and regulations apply. Contact the park office for ADA accessible hunting information.

Use extreme caution with firearms at all times. Other visitors use the park during hunting seasons. Firearms and archery equipment used for hunting may be uncased and ready for use only in authorized hunting areas during hunting seasons. In areas not open to hunting or during non-hunting seasons, firearms and archery equipment shall be kept in the owner's car, trailer, or leased campsite. Exceptions include: law enforcement officers and individuals with a valid *Pennsylvania License to Carry Firearms* are authorized to carry a firearm concealed on their person while they are within a state park.

SNOWMOBILING: The park is a trailhead for the 64-mile Hyner Mountain Snowmobile Trail and provides plowed parking and unloading areas and unheated restrooms. Snowmobiles may be operated on designated trails and roads from the day following the last deer season in December until April 1, weather permitting.

Environmental Education and Interpretation

Interpretive programs are offered twice a month in June, July, and August. Educational programs are available to local schools upon request.

History

Hyner Run State Park was originally developed by the boys of Civilian Conservation Corps (CCC) S-75-PA Camp Hyner. Although most traces of the camp are gone, some remain as reminders of that era, like plantation number 10-44-8, which is the red and white pines planted throughout the park in 1944.

The park opened to the public in 1958 with the completion of the swimming pool, bathhouse, concession, picnic area, and restrooms. The camping area opened in 1975. Many other improvements and maintenance to the park have been accomplished through the federally funded Youth Conservation Corps and the Young Adult Conservation Corps programs.

History

The focal point of Hyner View State Park is the overlook wall, constructed in the 1930s by the Civilian Conservation Corps. In 1949, the present park access road was built providing vehicular access to the view. With the opening of this road, the Flaming Foliage Festival, a local tourist promotion project, was first held at the view. This festival has since outgrown the view and has been moved to Renovo.
