Colton Point State Park

Leonard Harrison and Colton Point state parks are on opposite sides of the Pine Creek Gorge, called the Grand Canyon of Pennsylvania. Many scenic vistas offer spectacular views into the 800-foot deep, glacially carved canyon. The scenery at these parks is superb in every season of the year and is especially stunning in late September through mid-October.

On the west rim of the canyon, the 368-acre Colton Point State Park resonates with the rustic charm of the Civilian Conservation Corps era of the 1930s. The rugged overlooks offer great views of the canyon.

The rustic campground offers vault toilets, tables, fire rings, and a sanitary dump station.

Pets

Pets are permitted at all campsites in this campground. Please contact the park office for guidelines for pets.

Site occupancy is limited to one family unit (persons living under one household) or one non-family unit limited to five persons per site. Anyone renting a campsite must be 18 years of age or older and must be present at the campsite.

Check-in/Check-out Time

Visitors, Quiet Hours and Noise

Firewood Advisory

Firewood may contain non-native insects and plant diseases. Do not take wood home and do not leave firewood - Burn It!

Handwashing

Handwashing and dishwashing are permitted only where appropriate facilities are available. Handwashing and dishwashing are prohibited at water spigots, hand pumps, springs, lakes, and streams.

Hunting

Firearms and archery equipment used for hunting may be uncased and ready for use only in authorized hunting areas during hunting seasons. In areas not open to hunting or during non-hunting seasons, firearms and archery equipment shall be kept in the owner's vehicle or enclosed trailer. Exceptions include: law enforcement officers and individuals with a valid *Pennsylvania License to Carry Firearms* are authorized to carry a firearm concealed on their person while they are within a state park.

Feeding wildlife is prohibited. When animals become dependent on humans for food, this brings animals and humans into close contact which can lead to potentially dangerous situations. Human food is often of little nutritional value to animals and can make animals sick and unhealthy.
