BLUE HOLE DIVISION

The Blue Hole Division of the Forbes State Forest is located in the heart of the Laurel Highlands. The division lies on the eastern slope of Laurel Ridge. It received its name from Blue Hole Creek, which flows through this area, on which there is a deep hole where the water has a crystal blue appearance. The division lies in Middlecreek Township, Somerset County, except for a few acres which cross the ridge into Fayette County.

BARRON TRACT

The Barron Tract was acquired by the Bureau of Forestry in 2008. It totals about 2,300 acres. This property contains a number of HQ-CWF designated use streams. They include Laurel Hill Creek and two of its direct tributaries—Sandy Run and Whipkey Run. A majority of the Sandy Run tributary is found on the property. Parts of Harbaugh Run and Flugey Hollow, tributaries to Sandy Run, are also on the property.
